**Jenna L. Dukes**  
PharmD / Owner

Jenna opened Cherry Grove Drug in January 2018 with hopes of bringing quality and individualized care to the people of North Myrtle Beach. She, along with her excellent staff, enjoy serving the community and providing the best pharmacy experience with the patient always coming first. Jenna saw a need in the community for even more specialized treatment for her patients and set out to build a state of the art compounding lab that would meet those needs and more.

**Brandie Thompson**  
PharmD / Compounding Pharmacist

Jenna recruited fellow Pharmacist, Brandie to run her new compounding facility. Brandie grew up in neighboring Conway, SC and attended the University of South Carolina College of Pharmacy. She became certified in the Art and Science of Pharmaceutical Compounding through Medisca and LP3 Network in Miami, Florida. Brandie enjoys working together with patients and prescribers in the community to offer compounding solutions for any and all of their treatment needs.

# CHERRY GROVE COMPOUNDING

We compound medications in a variety of dosage forms and flavors to assist animals and pet owners.  
Beef, Chicken, Marshmallow, Tuna, and more!
